

Name: _____

Kuder Activities Lesson 1: Student Worksheet

The goal of this activity is to show you how approximately 1,000 occupations available in the United States are organized into 16 clusters, or groups.

- Log on to <http://mycareershines.kuder.com>. Select **I already have an account**, then enter your username and password. Next, click **Sign Me In**.
- Select the **Explore Occupations** left navigation menu, then click **Occupations Suggested by National Career Clusters and Pathways**.

For each career cluster, do the following:

- Click on its icon, read its description, and watch its video.
- Look at the list of career pathways that belong to this cluster. Click on the title of any pathway (a sub-group of occupations within the cluster) that sounds interesting. Look at the list of occupations that belong to this pathway. If you want to shorten the list, choose the one level of education you expect to get, and then click on Apply Filters.
- Click on the title of any occupation on this list that appeals to you, read its description, and watch its video.
- Repeat this process for as many of the 16 clusters as time allows, and fill in the information below for each. Use the back side of the worksheet if you need more space.

Career Cluster: _____

How many career pathways are included in this cluster? _____

Which of these pathways appealed to you most? _____

What do people who work in this pathway do?

Career Cluster: _____

How many career pathways are included in this cluster? _____
